CAN YOUR IT DEPARTMENT SUPPORT YOUR GROWTH?

While increasing capacity and numerous other demands are placed on today's IT organizations, rarely do budgets keep pace.

Given the complexity and constant change in technology, we deliver a financing option capable of keeping up with that change. Sigma can provide multiple financial options to ensure your capital (or operating) expenditure is maximized.

With our financing solutions we offer:

- One master lease contract covers multiple IT providers.
- Solutions for early stage companies to Fortune 500.
- Low or no upfront costs – often no cash is required upfront.
- 12 to 60 month terms – provides the lease terms you need.
- We work with all major technology providers, giving you access to the broadest range of IT solutions.
- Sigma can assist you in migrating to new platforms.
- 100% financing of software and services.
- Customized quotes from our finance experts.

For more information on our financing solutions please contact your Sigma sales manager.
